Little Trading There Is anfined Purely to the Professional Operators.

& TERSTATE COMMERCE IS TELDING SOME INFLUENCE

dility of the Country Toward forporations Makes Speculators Wary.

TW TORK, Feb. 20.—The lethargic minn into which the stock market of today was significant of the degration of the market to reflect developments in all conditions. The material of the mager dealings largely dealt with stural developments rather than actual occurrences. There was quite sets argument expended on the will be a supported to the dan currency measure in Washing-Wall street has set up a standarding importance for this measure in waring on the market outlook, which to the standard of the standard of the standard of the market outlook, which are the standard in strictly from the side of which are the market on the money market in waring the market on the money market market

proceedings, which are to be releaxt Monday by the Interstate
erree commission into the affairs of
Harriman railroads offered another
for surmise. There is a lurking apmaion that disclosures may be made
will add fresh fuel to the fiances of
chostility to corporations. A threat
enstained prosperity of the country
ligged from the baiting of corporaby two railroad presidents, and a
sy picture was presented of the
sity of discontinuing dividends and
of submission to bankruptcy by mifillroads, which would be the natural
quence. The Pennsylvania stocks
centinued to be much discussed on
the of the unexpected moderation
requirement for new capital repted in the \$16,000,000 portion of the
goe not intended to provide for remine of other maturing obligations,
the lightness of this requirement
party explained by the statement
recourses in addition were in hand
the sale of stocks of other railroads
inferred that a large retrenchof future outlays by the company
headed.

b closing tone was casy. In the market rates for time loans were need to bring them more into con by with the rate of yield on corpo a tote issues. all were easy. Total sales, par States bonds were unchanged or

Fresh Arrival of Spring Tomatoes Will Now Command Large Sales.

CELERY REMAINS SCARCE: FISH UNCERTAIN QUANTITY

Fresh Supply of Choice Fruits and Vegetables Received Every Day.

There were but few changes in the market yesterday, although there is a tendency towards uncertainty, especially among the fish and greens. Spring vegetables are commencing to arrive and the large shipment of tomatoes which arrived yesterday are sure to be welcomed. Celery is still going up, the prices now ranging from 60 cents to \$1.25 a dozen, and from present indications this popular green will soon disappear unitrely until next season.

Lettuce is a trifle more plentiful, with indications of a good supply, as the price for the better grades now ranges from 60 to 75 cents.

Fruits continue strong, the orange market particularly, although the demand for this fruit, especially the narge navels, is very heavy.

The fish market is very uncertain, striped bass having disappeared entirely, while a large shipment of sturgeon arrived yesterday.

Poultry remains the same in price, although the market is a little slow.

Eggs are commanding the same prices: the strictly fresh retailing at 35 and 40 cents, while the best grade of creamery butter sells at 35 cents a pound, and domestic cheese at 15 cents.

The arrival of a shipment of vegetable oyster is sure to be pleasant news to many, although the supply is, unfortunately, somewhat limited just at the present time.

Wholesale Prices.

Wholesale Prices. Wholesale Frices.

Grain and produce prices remain about the same, except in one or two cases. Timothy, \$18 a ton; alfalfa, \$15 a ton; oats, \$1.50 per 100; rolled barley, \$1.45 per 100; rolled oats, \$1.75 per 100; milling wheat, \$1.40 per 100; cracked corn, \$1.35 per 100, and whole corn, \$1.30 per 100.

IMPROVED TONE IN THE WHEAT MARKET

Decreased Movement in Northwest and Advance at Liverpool Favors the Bulls.

CHICAGO, Feb. 20 .- The wheat market opened firm because of a decreased movement in the Northwest and the steady marks at Liverpool in face of the severe siump that took place here yesterday. The market was also strengthened by reports that Russia is still buying famine relief supplies in this country and in Europe. Early advices from the scaboard sugested that further export business was probable and these dispatches were confirmed later by the statement from New York that about thirty boatloads had been taken there for export. In addition to this, the market was buildship affected by reports from St. Louis that winter whent in Missouri and in the Ohio river valley had been damaged by the alternation of freezing and thawing weather. The market closed firm. May opened it to be higher at 774c to 774@771c, sold off to 774c and closed ic up to 774c.

Corn was firm all day on an active demand by cash in the hand of the commission houses. The strength of the market was based upon firm cubies and the firmness of wheat. The narket closed firm May opened it to \$65c advanced to 47@45c and closed ic higher at 465c.

They Are Poisons to Your Stomach, Nerves and Vitals

sensation is felt without sting or burn, and I have perfected it with a regulating device which makes the ourrent mild or strong at will. Electro-Vigor does wonders in a few applications. It arouses all the dormant energies, develops muscular and nerve like and restores the feel-ings of youth, coulage and vigor. It makes perfect men of the weakest, puniest specimens of half men.

Ever since you can remember you have understood that the way to sure a pain outside was to take something inside. That is the foundation of our American drug habet. Since childhood you have depended on drugs to kill pain. It never occurred to you take to the stomach and overtaxing the heart of the stomach and overtaxing the heart of the stomach and overtaxing the heart stomach trouble. You have rulned your stomach with strong drugs and weak-sened your heart stimulants.

You can put on extra fire and draft in the furnace and drive up an engine at top speed without hurting the engine, but your can't do that very often with your heart, because it is not made of iron.

You don't realize that your heart refuses to be forced to realize that your heart refuses to be forced any more—that it is the time when drugs, which "used to do the work right away," don't seem to have any more effect, and you are forced to realize that your health is gone.

Every time you take a drug to force the stomach, liver, kidnows or heart you hurt them—you assembly lossess their fasters! vitality—and every dose you take is a reasen for taking another, because they are weakened by each dose, and any one can see that in time, by steady cooring, you will have no natural action of any of these organs. From that time on your existence will depend upon forced stimulation, and when that falls you are group.

Electro-Vigor is a relief from the old habit—the drug habit. It does by na-

lation, and when that falls you are gone.

Electro-Vigor is a relief from the old habit—the drug habit. It does by manural means that you expect drugs to do by unmetural means. It gives real strength to your body, and when your body has its natural strength there can't be any trouble, can't be any pain, because there is no pain in a perfectly healthy body.

Electro-Vigor is a girdle of day-cell batteries which you sleep. It is always charged ready for use, and generates its own power constantly. You don't its own power constantly. You don't have to bother about charging it in vinegar or acid. The exhibitating paid for Electro-JESSE SMITH.

done me a world

of good. No more

sider the money I

This book tells in plain language many things you want to know and gives a lot of good. Windshooms advice—so professional temmy-rot.
